

CONTRACT EVALUATION SHEET

Extension of production plant LISI AUTOMOTIVE FORM a.s. (production of metal component parts) Subject and term of provided services: Phase I. : An evaluation of the technical state of buildings; an office building and an industrial hall; masonry structures, steel structures and prefabricated concrete structures. Phase II. : A technical inspection of documentation and construction works for load bearing structures and waterproofing. Phase I. 02/2009 – 04/2009 Phase II. 04/2009 – it is planned to be finished in 02/2010 Total cost of construction works: 90.000.000 CZK General appreciation of performance: Very good Good Average Insufficient Insuf	Project:		Lisi, Čejč
